To Our Subscribers.

We find after a few months experience that it is impossible to collect the small amount due us for the Daily in the city, with the regularity that should attend that department, without more time and attention than we can well afford to bestow upon it. In the future we will be governed by the cash in advance principle, and by that "vigorous policy" hope to render profitable, that which up to the present time has been a burden. From this date no paper will be delivered from this office unless paid for in advance. When the time paid for expires, the paper will be discontinued, unless renewed in time to prevent it. Our Agent cannot afford to call on any one three or four times for the paltry sum of twenty cents, and then perhaps not get it. All subscribers in arrears will please pay the route agent on application.

Proclamation of the Governor.

WMEREAS, The State of Tennessee is mow, and has been, without a full representation in the XXXVIIth Congress of the United States of America; and received, that a large majority of the voters of the Ninth and Tenth Congressional Districts of this State, as apportioned by the Act passed February 20th, 1852, have given evidence of their loyalsy and allegiance to the Constitution and laws of the United States,

Now, therefore I, ANDREW JOHNSON, Military Governor of the State of Tenmessee, in order to secure to the loyal electors of these two Congressional Disbricks their constitutional representation in the House of Representatives of the United States of America, have deemed it proper to issue this my proclamation, appointing and ordering elections to be held on the twenty-ninth day of December, 1862, to fill the vacancies in the XXX VIIth Congress of the United States of America in the following Districts, to wit: The Ninth Congressional District, composed of the counties of Henry, Weakly, Dyer, Obion, Lauderdale, Tip-

ton, Gibson, Carroll and Henderson. The Tenth Congressional District, composed of the counties of Madison, Haywood, Hardeman, Fayette, and Shel-

Writs of election will be issued, and the election held at the places designated by law, and the proceedings under said writs returned to the office of the Secretary of State. The judges appointed to hold said elections, in addition to the oath prescribed by section 844 of the Code of Tennessee, shall further swear that they will permit no person to wate whom they believe to be disloyal to the Government of the United States.

And no person will be considered as an elector qualified to vote, who, in addition to the qualifications now required by law, does not give satisfactory evidence to the judges holding said election of his loyalty to the Goverament of the United States.

In testimony whereof, I, Andrew Johnson, Governor of the State of Tennessee, and Commander-in-Chief of the forces thereof, have hereunto set my hand and caused the great seal of the State to be affixed at the Department in Nashville, on this the 8th day of December, A. D.

By the Governor: ANDREW JOHNSON. HOWARD H. EAST,

Secretary of State.

To Whom it May Concern.

I am directed by Major-General Roszmans, commanding the military departnent of the Cumberland, to publish the following as a guidance to all parties having business transactions with any officer, or agent of the Quartermaster's Department. Particular attention is soligited to all the points referred to, from all citizens, and settlers in Tennessee, or where the army or any of its detachments may be found.

The officers of the Quartermaster's Department have special charge of the matter of Fuel, Forage, Straw, Transportation, its repairs and maintenance and while in the field have under certain restrictions, understood by themselves, authority to provide the articles above specified for the use of the troops, and transportation in their charge.

Supplies pertaining to the Quartermaster's Department must be purchased or procured by the officers of that Department, or agents appointed only by the approval of the Secretary of War .--Should officers or agents be supplied with funds, immediate payment should be made for all purchases made from, and for services rendered, by loyal persons.

When purchases are made by any Quartermaster or agent not supplied with funds for payment, certified accounts of purchase must be given in triplicate and in form; the certificate stating the articles purchased will be accounted for at the close of the month of purchase, on their monthly reports to the Department at Washington. Citizens or camp folwhereas it is believed, upon information | lowers are not to be authorized to make purchases on account of the Quartermaster's Department. No payments can be mace except on the certificate of the authorized officer making the purchase, and no receipt, memorandum, or certificate, .except given as above described, will be entertained by any disbursing Quarter-

Officers making purchases of supplies for the Quartermaster's Department are held directly responsible to the Tneasury of the United States for the legality of their purchases, and are also held strictly accountable for the proper care and distribution of all supplies received, and purchased: this accountability is monthly, and must be so stated in their certifi cates of purchase-otherwise the certi ficate is valueless, and is so considered by the disbursing officer.

Brigade and Regimental Quartermas ters should always add to their signatur the number of the regiment to which they belong, and the State from which the regiment comes, or their official sig nature is incomplete.

Officers have no right to seize or press private property for their own use, nor for the use of the government, without authority from the commanding general. When such authority is delegated, the certificates, as above described, are required by the laws of the United States, and all others are valueless.
